OCCUPIED 2.0

A TEMPORARY ART EXHIBIT IN WARREN OHIO- SEPTEMBER 2019.

ARTIST PROJECT PROPOSAL

The Fine Arts Council of Trumbull County (FACT), the Trumbull Neighborhood Partnership (TNP), and the Trumbull County Land Bank (TCLB) are partnering once again to host a public art exhibition, **Occupied 2.0**, a follow up to last year's popular Occupied Warren art project.

Occupied 2.0 will create a temporary exhibition in a vacant, blighted house, located in one of Warren's neighborhoods, which will include works of art created, installed, developed, revealed, or performed by local artists exploring this year's theme of *Fairytale & Fantasy*. Artists will also be encouraged to use salvaged or found materials, as well as the abandoned home itself, as part of their submissions. This project is meant to showcase the work of local artists while providing a unique experience for residents in the neighborhood and surrounding community.

Artists are encouraged to submit in all mediums.

A modest stipend will be awarded for selected projects.

*Please note that there will *not* be electricity or running water available on site.

Projects can be: New, Social/Community-based, Individual, Conceptual, Site-Specific, Collaborative, Multi-disciplinary, Performance, Interior and/or Exterior. We are also seeking artists to conduct relevant, hands-on arts activities for youth and adults as part of the day's community celebration.

There will be three open house opportunities to view the property. Please contact James Shuttic at 330-469-1729 for dates and times.

Proposals will be selected by a committee, and are due by May 17th. Selected projects will be announced in June.
